## EDUCATION

### Tawi Engineering College

Bachelor of Engineering in Computer Science / GPA: 7.85/10

Pathankot

Aug. 2021 – May 2025

## EXPERIENCE

### Web Developer Intern- Think Next Technologies

Chandigarh & Mohali

Worked as a MERN Stack Developer to build and enhance scalable web applications

February 2025 – July 2025

- Developed 10+ responsive full-stack web interfaces, increasing user engagement by 30% .
- Utilized react.js with Hooks and React Router for dynamic, component-based frontend architecture.
- Followed Agile methodologies, participated in daily stand-ups and used Git/GitHub for version control.
- Integrated RESTful API's and backend services using Node.js and Express, ensuring smooth data flow and real-time updates

### Infosys Springboard — Remote

Feb 2024

Built responsive UIs using HTML, CSS, JavaScript, and React.js.

- Integrated **REST APIs** and handled dynamic data rendering.
- Applied **component-based architecture, DOM manipulation, Responsive Design** and **event handling**.
- Used Git for version control and followed agile development practices.

## PROJECTS

### Tea Store – E-Commerce Website

Link

[GitHub](#)

- Built a Chai E-Commerce Website using Next.js with integrated online payments.
- Implemented secure login, email threading, and operations with REST APIs.
- Used JWT auth, responsive design, and SPA routing for seamless UX.

### YouTube Clone Web App

Live App

[Versal](#)

- Build a fully responsive YouTube clone using React.js, integrating YouTube Data API to fetch And display videos, channels and search results in real time.
- Designed with mobile-first responsive layouts using Tailwind CSS.

### Portfolio Website – Personal Developer Portfolio

Live App

[Versal](#)

- Developed a responsive personal portfolio website using Next.js to showcase my projects, skills and achievements.
- Implemented modern UI/UX design using Tailwind CSS for a clean and professional look.

### Music Player – Play music anywhere

Link App

[Versal](#)

- Developed a responsive music player that fetches tracks from Spotify and play your favourite songs by categories and search bar.
- Added features like search results, filtering by categories and also play music anywhere.
